

Baldin Kirill

About me

I am a JavaScript/React developer with over 6 years of web development experience.

I like to test out new technologies to better solve existing problems. With my working background I have experience working with various stakeholders and teams to get things done. As a developer I ensure my code is clean, maintainable and scalable.

Over the last 6 years, I have developed a wide range of websites using React. I contributed to [latoken.com](#) [yandex.ru/february1917](#) [yandex.ru/2016](#) for example. My core competency lies in developing web application. Completed various projects that involved React with Redux/Mobx architect.

I am familiar with:

React	MobX	Redux	TypeScript	Flow	CoffeScript	NodeJS	Git
Webpack	Docker	Grunt	Gulp	Vanilla js	Backbone	Marionette js	
javaScriptMVS	CSS in js	stylus	Sass	Less	CSS3	Bootstrap	HTML5
jQuery	Photoshop	Illustrator	CorelDRAW	SEO			

experience

December 2017	LATOKEN latoken.com
